Good Standing Status

The Mequon Soccer Club (MSC) requires that all member families and players be in “good standing” in order to participate in Club programs, practices, games, and Club-organized activities. To remain in good standing, all financial obligations to MSC must be met in a timely fashion (by the specified due date). Money requested by team managers to cover team obligations must also be submitted in a timely fashion.

Past Due Accounts

Families with past due accounts will be notified by the Club, and failure to pay the obligations by the specified date will result in the loss of “good standing” status until the situation is remedied.

Offers Contingent on Status

Families will not be allowed to carry financial obligations into a new Program year, which begins August 1. Agreement to pay any remaining obligations by August 1 will be required of all families as a condition of an offer to join a team for the coming year, and failure to do so will result in loss of “good standing” status until the situation is remedied.
